Graham, NC 27253

Goal: To put my passion for visual arts to good use, integrating myself within a top notch company and creating art and design that is both personally fulfilling & commercially effective (and to have fun while doing it).

Experience

Senior Web Designer - PHE Inc (Adam & Eve) Hillsborough NC Jan 2008 - Present

As Sr Web Designer for one of the nation's largest online retailers my position has spanned a wide range of duties such as keeping multiple sites within our corporate umbrella fresh looking and up to date with current web 2.0 standards, building interactive flash games, designing customer segmented email campaigns and creating promotional materials for affiliate retail programs. Additionally, in 2010 I spent 3 months fulfilling all managerial duties for my department while my supervisor was on sick leave. During that time I was responsible for providing our Internet Marketing Supervisor with weekly departmental status updates and allocating tasks to the rest of our 5 person team.

Designer - the Cranky Creative Group Durham NC 2007 - 2008

At the Cranky Creative Group I designed signage, vehicle wraps, and large scale adhesive vinyl murals, as well as spearheading a complete overhaul of the company's branding, including redesigning the website, media kit, and all internal promotional materials. While there I acted as lead designer on a highly successful large scale mural campaign for the Pepsi Cola Bottling Company and the USS North Carolina Battleship Museum.

VP, e-Business & Graphic Design - Take Warning Radio 2006 - 2009

While working with streaming audio service Take Warning Radio I was responsible for designing and creating their website (currently offline), blog, logo designs for each music channel, and illustrations of each DJ's online alter-ego, as well as materials for their music education charity division, Punk In Action.

Director of Web Media - Ardley Hall Inc. High Point NC 2005 - 2009

I designed and maintained the website and online catalog of now-defunct furniture importer Ardley Hall Inc. Other duties included digital studio photography and masking and color correction of furniture images for catalog usage.

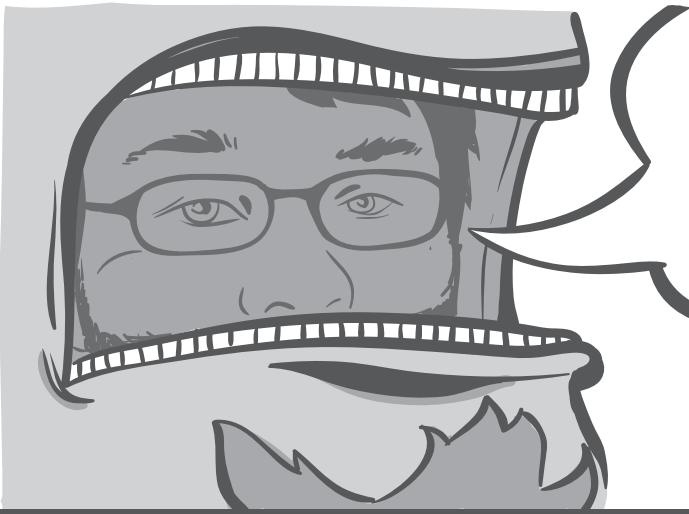

Assistant Manager - Fire & Sticks, LLC Japanese Steakhouse & Sushi Bar High Point NC 2005 - 2007

Responsibilities as the Assistant Manager included keeping weekly inventory and maintaining stock of all bar-related items, creating all employee schedules, interviewing and hiring new employees, and seeing to the overall day to day needs of the restaurant. I was directly in charge of a 25 person staff of waiters, bartenders, kitchen employees, and chefs. I also designed the graphics and layout for the restaurant's menu and assorted in-house signage.

Graphics Department Intern - ABC News Headquarters New York NY Summer 2004

I had the pleasure of having a very hands-on internship at ABC News the summer after I graduated from ASU. Projects I worked on there included logo designs for 20/20, Primetime Live, ABC News NOW, the View; Editing and content updates on ABCNews.com; Decorations and a book of manipulated photographs for Peter Jennings' 66th office birthday party.

Education

Bachelor of Fine Arts with a concentration in Graphic Design
Appalachian State University, Boone NC - Class of 2004

Activities, Affiliations and Awards: Digital Imaging Instructor, Upward Bound Education Program; WASU 90.5 FM Staff (I designed their website, logo, flyers, and stickers, plus co-hosted a weekly metal show); AIGA; Student Art League; Gold Award, 2004 Senior Graphic Design Show
Related Classes: Graphic Design 1-5, The History of Graphic Design, Digital Imaging, Illustration, Drawing 1-3, Painting 1-2, Photography 1-2, Creative Writing

Skills

My current daily work environment revolves around Adobe Photoshop, Illustrator, Dreamweaver and Flash. I also have some experience with InDesign, Microsoft Visual Studio, Apple Automator, your standard office applications, and a multitude of (S)FTP clients. I am savvy with both Mac and Windows, and adept with a graphics tablet. I adapt quickly to new software, and absolutely love learning and problem solving. I possess a high level of proficiency with HTML and CSS, and I am comfortable working with javascript (including the JQuery library), PHP, Wordpress and Textpattern. I am also educated in traditional art techniques (pencil, charcoal, ink, art markers, scratchboard, various types of paint, polymer clay modelling, etc) and enjoy integrating them into digital design and illustration to give the end result a tactile sensibility.
